

TIPS, TRICKS FOR RECYCLE; UPCYCLE, REDUCE, REUSE

Nowadays, many people are interested in recycling. Recycling got its start almost four decades ago, when a U.S. paper company wanted a symbol to communicate its products recycled content to customers the design competition that held was won by Garz Anderson, a young graphic designer from university of southern California. His entry, based on the Mobius strip |a shape with only one side, and no end| is now universally recognized as the symbol for recycling.

Let's encourage recycling. If you know someone interested in making art from recycled materials, offer to provide supplies. Many school children need items like paper towel tubes for art project. Older artists use everything from rubber bands to oven door. If you know someone who teaches art classes, suggested that an emphasis be put on making art from trash while you are great remind them to use recycled paper and earth/friendly glues, paints...

Do not throw away that boosted belt, use it to make

unique recycled jewelry.

Use these bright and cheerful denim beads to make necklaces bracelets, and other accessories you cannot think of. This would be a fun summer project to keep the kids busy.

Jewelry from a leather belt

Do not throw away that boosted belt, use it to make unique recycled jewelry.

Build it back into the new building

The smartest way to recycle construction waste is to integrate it back into the new building site. Some of this may happen naturally. In remodeling projects, walls are not necessarily demolished. They may simply be redecorated, moved or reconfigured. Lumber cut/off in wood-framed constructions may be useful for fire blocked or as spacers.

Truly recycled toilet paper – cloth toilet paper facts.
